

JUST WHAT YOU NEED TO BREAK THE ICE.

Our superior sanding and salting solutions are now even better. Arctic's newest spreaders are engineered with two things in mind: ease and durability. Our spreaders and sanders are easy to operate and maintain, and offer an all-new level of toughness, courtesy of our innovative galvanized coating. Hydraulic, electric and gas options are available.

NEW STANDARD EQUIPMENT

includes drop-in screen, fixed lifting hook, bolt down brackets and forward slide stop bracket, adjustable chute, and ratchet tie downs. Top screens

keep out large lumps of frozen product to avoid any jam up in the feeder chain at the bottom of the hopper

GAS, ELECTRIC OR HYDRAULIC DRIVE
your choice

ACCESSIBILITY TO ALL COMPONENTS
makes it easier to remove the gear box without removing the spreader drive

COMPLETELY GALVANIZED BODY

superior durability and resistance to abrasion, water and rust means your investment has a longer service life

TIE-DOWN STRAPS AND FORWARD MOTION STOP PLATE

secure the sander and its load to the vehicle so the sander won't dislodge itself from the truck box

TRUCK SIDE AND SANDER SIDE WIRING AND IN-CAB CONTROLS

allows the sander to be unplugged and removed from the truck, leaving each side ready to be plugged in when reinstalled

TWO-PIECE SPINNER SHAFT

allows for easy removal and access to trailer hitch

Your choice of gas, hydraulic or electric drive. Take your pick.

GAS ENGINE – AG
Our gas engine spreader is powered completely by a belt-driven motor, and features in-cab controls, electric start, electric throttle, electric clutch and truck battery attaching harness. Select from 13 HP Briggs and Stratton or 11 HP Honda engines.

HYDRAULIC – AGH
Our hydraulic powered spreader requires a central hydraulic pump system with a 5 to 8 Gallon/Min pump, plus suction and pressure hoses. Available in single and double motor drives, with either cab- or tank-mounted flow divider controls.

ELECTRIC – AGE
Our 12v 3/4 HP electric spreader comes standard with on/off in-cab controls and has a variable speed controller as an option. It also features a stainless steel drive chain and hardened sprockets.

ELECTRIC – DUAL
AGE Dual Option with variable speed controller. Includes second motor for independent operation of spinner & drag chain to better control the flow of the material.

ARCTIC GALVANIZED SPREADER SPECIFICATIONS

Model	AG6 AG6H AG6E	AG8 AG8H AG8E	AG10 AG10H AG10E
Model Size	6'	8'	10'
Length Inside	71"	95"	119"
Length Overall	94 3/8"	118 3/8"	142 3/8"
Width	50"	50"	50"
Body Height	32"	32"	32"
Capacity*	1.22 cubic yard	1.64 cubic yard	2.07 cubic yard
Capacity with Sideboards**	1.45 cubic yard	1.96 cubic yard	2.7 cubic yard
Weight			
AG (Gas)	775 lb	903 lb	1006 lb
AGH (Hydraulic)	623 lb	751 lb	854 lb
AGE (Electric)	760 lb	888 lb	991 lb

HITCH MOUNT SALTER (HM8P) AVAILABLE

* Water level
** Water level using optional hopper extensions and 2" x 4" sideboards

OPTIONAL ACCESSORIES

HOPPER EXTENSIONS

TARP KIT

SPINNER GUARD

VIBRATOR KIT
